PROFESSIONAL SUMMARY

Computer Science graduate with a strong foundation in full-stack mobile and backend development (React Native, Node.js, Python, PostgreSQL). Skilled in engineering AI-integrated solutions, building scalable APIs, and managing relational database systems. Motivated team player with proven leadership experience in end-to-end software delivery, seeking a Software Engineer role to build reliable, high-impact systems.

TECHNICAL SKILLS

Programming Languages	Java, C++, Python, JavaScript (ES6+), PHP
Mobile & Web Dev	React Native, Node.js, Express.js, React, HTML5, CSS3, Expo
Databases & Tools	PostgreSQL, MySQL, Git, GitHub, JavaFX, Scene Builder
AI & Networking	AI/ML Fundamentals, Speech-to-Text (STT), Text-to-Speech (TTS), Cisco Networking, Network Troubleshooting

FEATURED PROJECTS

Dr. AI — Voice-Enabled AI Health Recommendation App May 2026 – Sep 2026

Final Year Project | Team Leader & Lead Developer

Technologies: React Native, Node.js, Python, PostgreSQL, Speech-to-Text, Text-to-Speech

- Led a multi-developer team in architecture design, task allocation, and agile project delivery.
- Integrated custom Speech-to-Text (STT) and Text-to-Speech (TTS) models into a mobile frontend for hands-free voice interaction.
- Built a robust Node.js backend connected to a PostgreSQL database for processing patient query records and intelligent recommendations.

Car Rental Management System Academic Project

Technologies: Python / PHP, MySQL, HTML/CSS

- Developed a database-driven system to automate vehicle booking, customer registration, and fleet status updates.
- Designed relational schema and optimized SQL queries to accurately track rental histories and payment statuses.

Todo List Application Academic Project

Technologies: Java, JavaFX, Scene Builder, MySQL

- Engineered a desktop GUI task management application featuring category filters and real-time database persistence.

EXPERIENCE

Ethio Telecom — Intern Nov 2025 – Dec 2025

Dessie District, Ethiopia

- Gained hands-on experience in telecommunications network infrastructure, routing diagnostic tests, and system monitoring.

- Assisted technical staff in troubleshooting client connectivity issues and documenting network operational procedures.

EDUCATION

University of Gondar — Bachelor of Science in Computer Science

Jun 2022 – Oct 2026

CGPA: 3.52 / 4.00 | **Location:** Gondar, Ethiopia

LANGUAGES

Amharic: Native | **English:** Professional Working Proficiency
